

SERVONEER™ TRADE SERVICES

LEADING SERVICE INNOVATION

SPECIAL METALS

SERVONEER:

Well-Tested Metal

Welcome to Servoneer, the worldwide, full-service supplier of bulk speciality metals. At Servoneer, we are passionate about our metal supply business—we have shown our mettle over the years, and the results have forged us into the pioneers of our field. We strive to bring you solutions that blend with the latest innovation, renowned customer support, quick turnaround, and competitive pricing, all coming together to create an unalloyed strength your business can rely on.

Servoneer's in-depth knowledge of the international metal supply market is derived from the expertise of our highly-experienced team, who with their years of metals experience, will help you find the alloy of goods and services that you most need. Our worldwide network draws on world-class trading sources, allowing us to offer you a vast range of import and export, distribution, logistics, and outsourcing services across the full range of industries. Whatever you require, Servoneer serves your needs.

Your Alloy Ally

Servoneer is here to serve as your trading intermediary. Servoneer offers you, our valued customer a complete wholesale metal distribution service. Whether you need Cobalt, High-Nickel, Titanium, or Steel alloys, we have the products at any specific grade you require. We also deal in High-Performance and special alloys that are used in every facet of today's demanding modern industries.

The quality of these metals is engineered specifically to your requirements, meaning they possess striking levels of robustness and tensile strength, as well as being remarkably heat and high-temperature corrosion resistant. No matter what use you put them to, our products leave you with no illusion of their perfect suitability for the task.

Servoneer Strength

Our product specifications meet the highest national and international standards, so if you need:

- Items that are subject to high levels of mechanical stress; extreme temperatures, or the corrosive force of sea water, our products will stand the toughest test.

- Products that can withstand hydrogen sulphide and elementary sulphur exposure above 150 °C, or are exposed to flue gas in desulphurisation plants; are required to deal with hydrocarbon processing in the recovery of oil shale and tar sand, or must handle temperatures in offshore flare stacks...
...then, Servoneer is your solution.

Servoneer Steel, Alloys and Super-Alloys

Servoneer steel serves you with every conceivable grade, strength and type of steel. Alloy and super-alloy that you need for your business. We have a huge range of products available for you. Service, like our products, is our strength.

We deal and supply in these steels and more:

Ferritic
Superferritic
Austenitic
Duplex
Precipitation-Hardening and Regular Martensitic
Superaustenitic

We supply all the common grades you would expect for these alloys, as well as the harder-to-find grades that you need for your specific business purpose.

Servoneer also supplies a range of alloys and super-alloys including:

Incoloy
Hastelloy
Nickel and Nickel Alloys
Monel

Whatever steel, alloy or super-alloy you need, Servoneer serves as your first choice in metal supply for your business.

Many Metals; Many Forms

Our extensive range of metals and metal alloys come in a variety of forms and specifications for your particular business application.

We trade in:

Plate, sheet, strip, and bar metal
Wire, pipe, rod, and both welded and seamless tube
Flanges and all kinds of fitting
Materials for every kind of welding
Electrodes

We can also offer you services for the design, manufacture and installation of any kind of piping and pressure vessel solutions you might require.

Meeting the Needs of Your Industry

Servoneer serves you no matter where you might be. We deal in every local and international market and have many years experience in dealing with the needs of every industry you can imagine, including:

Oil and gas exploration, extraction and processing
Refining and distillation
Chemical extraction and processing
Petrochemicals

Desalination and water treatment
Pollution and waste processing
Power generation
Electrical resistance materials
Electronics and communications
Manufacturing
Sea and subsea exploration, processing, and construction
Aerospace
Pharmaceutics

The Servoneer Process

At Servoneer, we do not just supply metals and alloys, we process them too. Our facilities are such that we can act on your order immediately, have it prepared precisely to your requirements, and shipped in a very short space of time. All of our products come with extensive corrosion warranties for use in the most testing of conditions. Whether you are involved in the oil and gas, energy generation, construction (onshore and off) or processing plant fields, we serve you.

Servoneer Alloys at a Glance

Choose the steel or alloy of your choice at Servoneer. Here are a few examples of the products we offer.

NICKEL ALLOYS

Nickel 200 N02200	Incoloy 800H N08810
Nickel 201 N02201	Incoloy 800HT N08811
Monel 400 N04400	Incoloy 825 N08825
Monel K-500 N05500	Hastelloy C-276 N10276
Inconel 600 N06600	Hastelloy C-4 N06455
Inconel 601 N06601	Hastelloy C-22 N06022
Inconel 625 N06625	Hastelloy B-2 N10665
Inconel 718 N07718	Carpenter 20Cb3 N08020
Incoloy 800 N08800	Uranus B-6 N08904

REACTIVE METALS

Titanium Grade 1
 Titanium Grade 2
 Titanium Grade 5
 Titanium Grade 7
 Zirconium 702
 Tantalum

OTHER ALLOYS

Nimonic Alloys
 Udimet Alloys
 Nilo Alloys

Here are just some of the steel grades and types that we offer at Servoneer.

STAINLESS STEEL PRODUCTS

Grade	UNS Specification	Grade	UNS Specification
Duplex 2205	S31803, S32205	310/S	S31000/S31008
LDX 2101	S32101	317/L	S31700/S31703
Super Duplex 2507	S32750	304, 304/L	S30400, S30403
Zeron 100	S32760	304H	S30409
Duplex 2304	S32304	316/L	S31600, S31603
AL-6XN	N08367	316H	S31609
904/L	N08904	333	N06333
254 SMO	S31254	410/S	S41000, S41008
253 MA®	S30815	430	S43000
321	S32100	15-5PH	S15500
409	S40900	17-4PH	S17400
330	N08330	17-7PH	S17700
347	S34700	Alloy 20	N08020
309/S	S30900/S30908		

Servoneer Added Value

Servoneer is a metals and metal-alloy trading company, but also offers indispensable additional services. As we cover the whole length of the steel supply process, we can serve you with not only metals trading services but also:

Financial Services

Logistical Services and Support

If you should wish or need to, Servoneer offers you the option to buy using a duty-paid, open-term model. We have a number of clients who deal with us using this method, including large stockholders and large end-users. We also finance metal production and the arrangement of venture capital needed for investment as well as arranging planning, consultancy, and project management.
